

KRISHNA ANTIOXIDANTS PVT. LTD.

INTEGRATED MANAGEMENT POLICY

We are committed to provide high-quality antioxidants and specialty chemicals that meet customer's expectations and ensuring that our operations are complying with applicable health, safety and environmental laws, regulations and quality standards.

We carry out manufacturing with respect and care for the environment in which we operate by applying practical means to conserve resources and to prevent pollution and reduce waste.

We also ensure that risk involved to our operators remains at minimum possible level by taking proactive actions against all kinds of identified hazards.

We continually improve our performance by taking care of our employees' competence and awareness, thus by enhancing customer satisfaction.
